Casanuova di Ama oil is superior because of the care and
methods used by the Bencini family.

- No heat, no filtration or chemicals are used during any part of the process.
- Oil is pressed only from the Casanuova di Ama olives and not blended with other olive crops. Olives are picked by hand rather than being allowed to fall to the ground and suffer bruising and risking rancidity.
- Give your body the gift of pure monounsaturated fatty acids that are proven to lower cholesterol levels and benefit insulin levels.

exceptional product to the USA. Remember to buy plenty and use for all your recipes. Orders will be limited to Oregon. Delivery outside of Central Oregon will be sent via UPS. Charges will apply to order.

Che buona! Making bruschetta with Tuscan bread, with wood burning oven and with fabulous Casanuova di Ama olive oil!
